Yamato Drummers

→ For the Yamato musicians, mastering the art of Taiko drumming is about much more than just learning the notes. The troupe out of Japan also follows a strict regime of running and weight training so they can incorporate high-powered jumps and elements of martial arts into their performances. The touring drummers will take the stage at the Majestic Theatre on Feb. 10 and during an exclusive event on Feb. 9 as part of Arts San Antonio's Deep in the Arts of Texas Gala. Along with supporting the nonprofit's programs, select gala goers will have the opportunity to literally feel the beat of the drums during a hands-on Taiko lesson. artssa.org

FEB. 9-10
